## Summary

I am a web developer with strong problem-solving skills and a passion for technology. I am an avid and quick learner and a team player. I have received a certificate from University of Washington from the Full Stack Web Development Bootcamp. I strive to work with small companies and Fortune 500 companies to help build and secure their web-based platforms.

## Technical Skills

HTML5 • CSS • Javascript • jQuery • Node.js • OOP • SQL • VS Code • React.js

## Projects

**Console Log:** A hub for players to store walkthroughs for their favorite video games! Create a user profile to start and start saving text or links to your favorite walkthroughs. View, rate, and favorite walkthroughs posted by other users! Search for games using voice commands! A joint project with Sung Kim, Robert Adams, and Aurora Duncan.
